<sup>1</sup> As of November 1, 2007, the cash assets are earning interest at a rate of the United States Federal Funds rate minus 0.23%.

<sup>2</sup> Valuation provided by former investment managers, Ellington Management Group, LLC, prior to their separation as investment manager. As no material revenue has been received on any of the CBOs since February 2004 and per our discussions with Ellington Management Group, LLC, to be conservative we have written down the value of the CBOs to zero. However it is expected that upon liquidation, these securities may have some value (which is not currently determinable). The Liquidators are in the process of determining the most effective method of disposing of these positions.

<sup>3</sup> Certain professional fees incurred by the Feeder Funds have been paid out of the assets of the Master Fund. Prior to the final distribution of funds, these expenses will be apportioned to the respective Feeder Funds, as shown above.

<sup>4</sup> On November 11, 2008, the Joint Official Liquidators received a revised proof of debt claim from Don Seymour, a director of the Master Fund in the amount of \$288,752.12 for legal fees and expenses incurred by Mr Seymour through October of 2008 for legal representation by his lawyers, Turner & Roulstone. This claim was later revised by Don Seymour to \$228,082.80. The Joint Official Liquidators have reconciled this claim and have determined that an amount of \$132,243.22 had previously been paid, decreasing the outstanding fees to \$95,839.58. Don Seymour has also agreed to take a 5% reduction of the remaining balance so that the outstanding fees currently being reserved for by the Joint Official Liquidators are \$91,047.60.

Also, on November 11, 2008, the Joint Official Liquidators received a proof of debt claim from Peter Young, a director of the Master Fund in the amount of \$15,802.50 for fees and expenses incurred through November of 2008. Peter Young has also agreed to take a 5% discount and so the amounts owed on behalf of the Master Fund are \$15,012.38. The total outstanding fees currently being reserved for by the Joint Official Liquidators for Messrs. Seymour and Young combined are \$106,059.98.

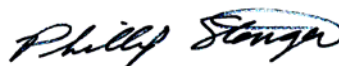

<sup>5</sup> On December 3, 2008, Judge Kaplan entered an order approving the use of the "averaged distribution methodology" to calculate investor distributions and authorization to make and interim distribution. As a result the Joint Official Liquidators have altered the Feeder Funds percentage of shares in the Master Fund in order to reflect as much.
